

INTESOL CERTIFICATE IN TEACHING IELTS

(IELTS FOR TEACHERS) Structure & Aims

The International English Language Testing System is a test administered by the University of Cambridge and the British Council.

It is advisable for students planning to study in higher education in the UK, Canada, Australia and New Zealand to gain a score of 6.5 or above in order to meet visa requirements. The course is for teachers already qualified with at least the 120/140 hour course and preferably with teaching experience.

Teachers with this qualification will be a valuable asset to a school and to any student aiming for a good pass in IELTS in preparation for higher education.

COURSE AIMS

The aim of this course is to give you knowledge of the structure of the IELTS test and the kinds of tasks candidates do on the test as well as give you ideas how to help your students achieve success on IELTS. As a teacher of English, you may already have a stock of skillbuilding activities up your sleeve, but this course will look at how the four main skills and a number of micro-skills can be developed and practised with the IELTS test in mind.

COURSE CONTENT

1. General Information

WHY INTESOL IS CONSIDERED THE BEST

INTESOL is proud to be working with our awarding body, ALAP (Awarding Language Acquisition for Professionals).

Head of Accreditation at ALAP, Paul Rogers:

“The world of education is often marred by questionable certification of academic courses. In order to differentiate between genuine, professional qualifications and those that are produced for commercial gain, it is essential that education companies provide accredited certification. Accreditation is the recognition by an external body that a course and/or training provider has met a certain set of standards and best practice. I am delighted to be associated with INTESOL as the company is an outstanding example of this best practice.”
